SUNDRY

PUNCTAL PLUGS

Explore our range of punctal plug options designed to cater to diverse patient needs, from extended-wear to dissolvable options for temporary relief. Our selection ensures compatibility with various tear duct sizes and shapes, providing reliable solutions for ophthalmic care professionals and their patients. With options suited for both short-term and long-term use, we aim to enhance comfort and alleviate dry eye symptoms effectively.

Vera180™ Synthetic Absorbable Lacrimal Plugs -

10 pairs/box

- Part # 1097507 | X-Small; 0.2mm
- Part # 1097508 | Small; 0.3mm
- Part # 1097509 | Medium; 0.4mm
- Part # 1097510 | Large; 0.5mm

- Ideal for treatment of post-surgical dry eye and to determine potential effectiveness of a non-absorbable punctal plugs
- Synthetic absorbable lacrimal plugs made of poly-pdioxanone (PDO)
- Absorbs in approximately 180 days

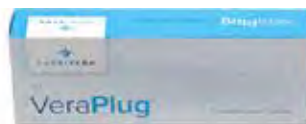

VeraPlug™ Sterile Preloaded -

1 pair/box

- Part # 1082353 | Small (0.4mm - 0.6mm)
- Part # 1082173 | Medium (0.6mm - 0.7mm)
- Part # 1082352 | Large (0.7mm - 0.8mm)
- Part # 1094252 | X-Large (0.8mm-1.0mm)

- Conforms perfectly to the puncta for unparalleled retention
- Low-profile dome for enhanced patient comfort
- Proprietary shaft design for easy insertion and proper anatomic fit

VeraPlug™ FlexFit™ Sterile Preloaded -

1 pair/box

- Part # 1093884 | X-Small (0.2mm to 0.3mm)
- Part # 1093885 | Small (0.3mm to 0.5mm)
- Part # 1093886 | Medium (0.6mm to 0.8mm)
- Part # 1093887 | Large (0.9mm to 1.0mm)

- Ideal for treatment of post-surgical dry eye and to determine potential effectiveness of a non-absorbable punctal plugs

Lacriviera Meibomian Gland Expressor

Circular

Part # 1306265

- Used in meibomian gland expression to care for clogged glands

Lacriviera Punctal Sizing Gauge

Part # 1094916 | Small/Medium

Part # 1094917 | Large/X-Large

- For determining the proper size punctal occluder prior to insertion.

Adjustable Titanium Trial

Part # 1066883

- Durable titanium
- Trial frame holds 3 lenses in front and 1 lens behind frame - Holds four 38mm lenses per eye
- Adjustments: temple length/angle, nosebridge height, 360° lens rotation

Universal Trial Frame

Part # 1032518

- PD Range: 24mm — 40mm per side
- Holds 3 lenses in front, 1 in back

B&S RF-680 Trial Frame

Part # 1307841

- Adjustable inclination and temple length
- CVD Scale
- Space for 10 trial lenses (38mm)
- PD Range 50 to 80mm
- Precise scale division

Standard Trial Frame

Part # 1071042

- Clear, precisely printed scales. Foam covered nose bridge for comfort
- Holds 38mm lenses, 3 in front, 1 in back

Pediatric Flexible Trial Frame

Part # 1071039 | 56mm

Part # 1306278 | 48mm

- Made from a soft flexible plastic material with an elastic strap to provide a comfortable fit; the frame stays on while refracting.
- These frames hold 2 lenses in front of frame
- 48D or 56PD (Pupillary Distance)

Clip On Trial Lens Holder

Part # 1092677

- Attaches to existing Rx glasses for a quick opportunity to over refract. Use of the clips reduces vertex distance error compared to phoropter
- Set of 2 Clip On Frames

Prism Individual Trial Lens -

Part # 1095910

- 104 Piece Trial Lens Set includes: spheres, cylinders, prisms and accessories. SPHERES: + and - (pairs)

Full Diameter Perimeter Trial Lens Sets

Part # 1032341

- Sets have one each plus and minus spheres from 0.25 to 16.00.
- Cylinder lenses, in your choice of plus or minus, range from 0.25 to 5.00D.
- 68 lenses per set.

Vertical & Horizontal Prism Bar Sets -

Regular

Part # 1031779 | MORE OPTIONS AVAILABLE

- Prism Bar Combination Vertical/Horizontal Sets with vinyl case
- Choose from regular or large

Optego® Color Coded Flipper Set -

Set of 6

Part # 1053522

- This set includes 6 flippers with colored handles and a flipper base
- Ideal for Diagnostic examination, Rx change demonstration, Contact lens power change demonstration, Reading glasses-Bifocal demonstration, Retinoscopy

3M™ Press-On™ Prisms -

2 Diopter

Part # 1031651 | MORE OPTIONS AVAILABLE

- Also known as Fresnel Prisms, are valuable tools used to treat several ocular motility disorders, including Strabismus and Diplopia

B&S Occlusion Foil Sheet -

Beige; Visus: 0.0

Part # 1200851 | MORE OPTIONS AVAILABLE

- 10 individual foils can be cut from one foil in order to equip 10 children's spectacles
- The foils can be cut using scissors
- Larger surfaces can also be covered for special applications
- Measurement: 215 x 105 mm

Retinoscopy Paddles with Axis Compass

Part # 1077725 | MORE OPTIONS AVAILABLE

- Includes 180° axis compass printed directly along the top of each paddle
- Lenses are 16 mm diameter, recessed to help prevent scratching. Lenses are glass for greater accuracy and durability. Includes protective case

Optego® Stock Spherical Flippers -

+/- 0.50 D

Part # 1306194 | MORE OPTIONS AVAILABLE

- Each include one pair of plus spherical lenses and one pair of minus spherical lenses.
- The flippers lenses are constructed using chemically hardened glass, making them more durable and more resistant than plastic lenses

Optego® Stick-On Prisms -

2 Diopter

Part # 1303788 | MORE OPTIONS AVAILABLE

- Optego Prisms attach very easily to eye glasses and are made from a silicone-like material. Use the whole prism: 30% more surface area than other competing products

Bangerter Occlusion Foils -

2 Diopter

Part # 1031457 | MORE OPTIONS AVAILABLE

- May be used prophylactically to prevent amblyopia, suppression and abnormal retinal correspondence
- Therapeutic uses include treatment for amblyopia, orthoptic treatment, diplopia and diplopia in monocular aphakia (with <0.1)
- Attaches easily to spectacle lens

Handheld Monocular Black Occluder

Part # 1031613

- 6.75"
- Lightweight and durable
- Precise Eye Coverage

Handheld Multiple Pinhole Black Occluder

Part # 1031611

- 6.75"
- Lightweight and durable
- Precise Eye Coverage

POST MYDRIATICS

Dual Eye Shields

Part # 1301498 | Clear, Individual

Part # 1301499 | Smoke, Individual

- Adjustable head strap
- Lightweight
- Improved design: rounded nosepiece for better fit

Post Cataract Glasses

Individual, with plastic bag

Part # 1301506

- Comfortable fit, lightweight frame, flexible temples, fits over prescription glasses
- Added top and side protection, 100% UVA/UVB protection
- Polycarbonate A.N.S.I. z87

Post-Refractive Surgery Sunglasses

Individual

Part # 1062702

- Lightweight, wear alone, flexible temples for a more comfortable fit
- Full wrap-around lens for added side protection
- Polycarbonate A.N.S.I. z87
- 100% UVA/UVB protection

Post Mydriatics With Temples, Adult

Part # 1302008 | Box of 25 (Individually Wrapped)

- Dilation sunglasses with cardboard temples
- May be worn with or without sunglasses
- Blocks 98% UV to 400nm

INSTRUMENTS

Our comprehensive selection offers unparalleled convenience and sterility in ophthalmic procedures, eliminating the need for reprocessing and reducing the risk of cross-contamination. Each instrument is meticulously designed for precise performance, ensuring optimal surgical outcomes and patient safety. Explore our range of forceps, scissors, and speculums, tailored to meet the demands of modern ophthalmic practices with efficiency and reliability.

Barraquer Wire Speculum, Adult - 15mm

Part # 1037469 | MORE OPTIONS AVAILABLE

- Easily slide under the eyelids' conjunctiva
- Variety of sizes available

Jewelers Forceps

Part # 1036586 | #3, Straight

Part # 1036585 | #1, Straight

Part # 1036587 | #3C, Straight

- Available in different styles

Jewelers Forceps, Curved

Part # 1036592 | #7, Curved

- #7 Delicate Curved Forceps

Desmarres Lid Retractor - MSI Precision Instrument

Part # 1036184 | 13mm

- Non-Glare Finish
- Solid Blade

Golf Club Foreign Body Spud

Part # 1063214

- Delicate instrument with a fine, rounded tip, designed for precise manipulation of ocular tissues during surgical procedures.
- Versatile instrument used in a wide range of procedures, including cataract surgery, intraocular lens implantation, and corneal transplantation.
- Crafted from high-quality surgical stainless steel

Castroviejo Lacrimal Dilator

Part # 1035755

- Double End, Medium and Fine Points
- 0.5mm and 1mm tips
- Overall length 13.97cm

Shocket Scleral Depressor, Double Ended

Part # 1036205

- Rounded end for depressing sclera
- Curved marking end for reaching behind globe

Josephberg-Besser Scleral Depressor

Part # 1052203

- Easy to use, more efficient - broader field of depression
- Will not slide on sclera
- Great for OR scleral depression

Kimura Spatula - MSI Precision Instrument

Part # 1037275

- Commonly used tool for eye pathologies.
- The spatula is commonly used to obtain conjunctival scrapings.

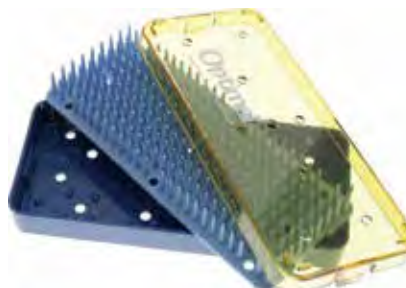

Plastic Sterilization Trays

10.16cm X 16.51cm X 1.91cm

Part # 1035623 | MORE OPTIONS AVAILABLE

- Includes base, lid, mat
- Beaded Surface Prevents Mat Sticking
- Accommodates Surgical Knives, Instruments, Cannulae, Phaco Handpieces and Sets
- Molded from General Electric's Ultem® Resin for Strength and Extended Life Cycle. Molded Feet on Bases and Corner Ridges on Lids Allow Easy Secure Stacking

AlgerBrush II Rust Ring Remover

Technology You Know, Expertise You Can Trust

M&S takes vision testing to new heights. The programmable VR Headset provided with Microsoft Surface Pro Tablet is powered by our trusted M&S Smart System® software for fast and accurate vision testing using a solid *BLUETOOTH* connection to the headset. Our years of experience and service continue to help your clinic run efficiently.

Reliable Results

Trust data accuracy with SMARTTracker™ 2, the most sensitive fixation monitoring technology available on the market today.

Speed and Efficiency

Our proven testing protocols reduce patient fatigue by providing QuickScreen results in 45 seconds and full threshold test results in under 3 minutes per eye.

Patient and Practice Friendly

Comfortable design with easy set up, audio and visual cues to your technician and patient, the ability to test without a wifi connection and results that can be immediately exported to your EMR.

THE RIGHT TECHNOLOGY

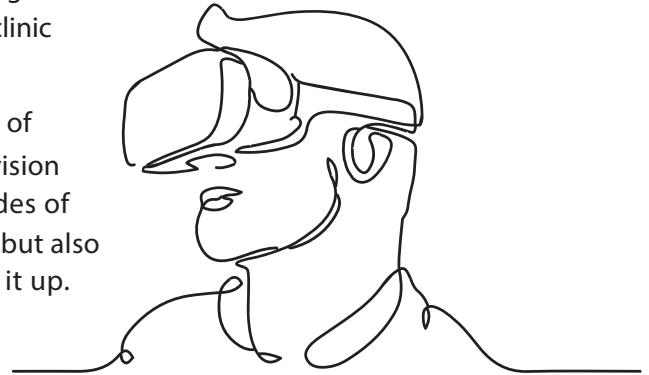

Innovative Technology, Proven Expertise

The Smart System® VR Headset is the newest addition to over 30-years of trusted quality and service from M&S Technologies. The programmable headset is lightweight, compact and portable, allowing your clinic to test in a variety of settings.

Combine the portability of the VR headset with the accuracy of our Smart System® software and you get the most versatile vision testing device on the market. Our team not only has decades of experience developing and refining vision testing software, but also provides the dependable, trained support needed to back it up.

VR Headset Tests Included

Visual Field

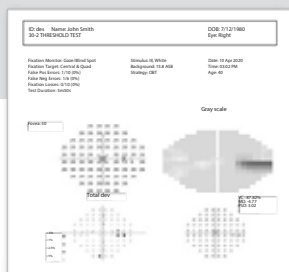

- SMARTrackerTM 2 monitors and maintains patient fixation on central target
- 10-2, 24-2, 30-2

HILCO VISION'S CUSTOM BRAND BUILDING PROGRAM

Complete, Affordable, Strategic Custom-Branded Products. It takes more than just a printed label on lens cleaner to build a brand worthy of your dedication to eye care. But does it have to be so costly? Or such a hassle to pull together multiple products from multiple suppliers? The answer is NO. That's where the Hilco Vision branding experts step in. Our experienced team will help you build your own brand, through a diverse product assortment that fits any budget.

4 Easy Steps to Building Your Own Brand

1. Select from a wide range of our "Practice Essentials" products designed to be a billboard for your brand.
 - Choose from core products like Lens Care, Thank You Bags and Reminder Cards. And those are just a few.
2. Choose the quantity that fits your budget.
 - Most of our branding products have low minimums and prices to fit virtually any budget.
3. Choose the specific colours for your program.
 - Most of our products have multiple colour options and imprint options.
4. Submit your own artwork, choose from one of our many "stock" branding options, or let our creative team design you your own unique logo
 - For faster turnaround times, our library of stock creative solutions is a great fit. For something truly unique, our creative services team is standing by to assist.

Look for this icon to find all of our BYOB product offerings.

In 1998 we started our SeeGreen journey with the first environmentally friendly, readily biodegradable lens processing tints and solutions. Today, when you see the SeeGreen logo on our products it is a sign of our dedication to eco-friendly, sustainable products. SeeGreen represents our commitment to our customers and consumers to strive to always do better in delivering on our sustainability objectives as category leaders in consumer products and professional supplies for eye care professionals.

SeeGreen: More sustainable products by Hilco Vision.

Visit hilcovision.com.au to view the many different sun protection options available to your patients.

Jonathan Paul® has been leading the fitovers eyewear category since 1993. Started as a solution to the intense Australian sun, the category quickly proved to be equal parts comfortable, stylish and effective. It didn't take long for this revolutionary, fashionable and functional "fitover" sunglass to capture the attention of prescription eyeglass wearers worldwide.

Jonathan Paul continues to raise the bar in designing products that deliver optical versatility and on-the-go, lifestyle performance.

The Jonathan Paul Difference

FEATURES

- Optical quality polarized polycarbonate lenses
- Provides 100% UVA & UVB protection
- Lightweight TR-90 nylon frame for unparalleled richness of colour
- Scout Fit temples avoids unnecessary added pressure on the ears

SUPERIOR OPTICAL QUALITY

Jonathan Paul has earned and maintained the reputation of designing the very best fitover sunglasses by utilizing premium materials.

Polycarbonate Polarized lenses – Optical quality and no distortion, 6 times lighter and 20 times stronger than glass!

TR-90 Nylon frames – unparalleled colour finishes, lighter in weight and resistant to damage

FITOVERS

FITOVERS EYEWEAR

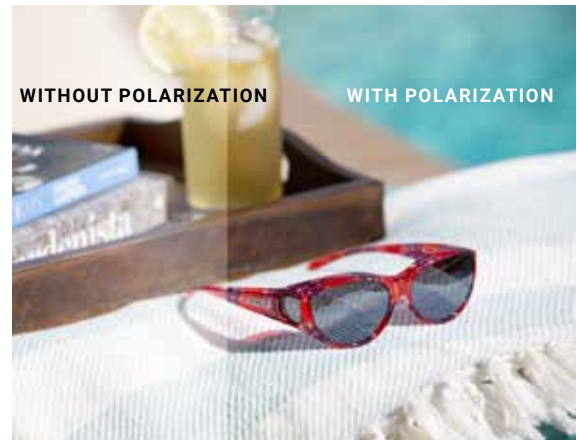

POLARVUE Polarized Polycarbonate Lenses

Jonathan Paul lens technology features patented POLARVUE which is proven to reduce glare more than traditional, non-polarized lenses.

The injection-molded polycarbonate construction has been engineered to match your optics to your environment.

Maximize performance by choosing the perfect balance of light transmission in a stylish, lightweight, and durable frame.

Our patented **gecko-inspired nose pads and temple tip grips** provide the firmest, most comfortable anti-slip fit for your customers, even on sweaty skin.

Stay in control.® Setex gecko-inspired nose pads are now **available to retailers at wholesale prices.** Improve customer satisfaction and return rate, while opening up a new revenue stream.

Setex eyewear grips for every face and shape

Not all faces are alike, some noses are smaller or thinner or flatter. And not all eyewear are alike either. Our eyewear grip product choices go from the seamless to the bold to the complementary.

Our Technology

Setex patented microfibers are designed like geckos' toe hairs, or setae, to provide a comfortable and secure grip, even on sweaty and oily skin.

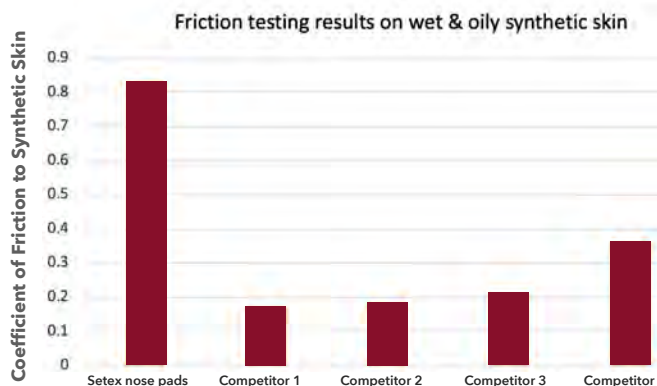

Thousands of mushroom shaped fibers mimic geckos' toe hairs - i.e. setae.

Flexible Setex fibers provide soft, comfortable contact to skin.

Setex's microstructures provide a secure grip in wet and oily conditions.

Our Setex grip product materials passed ISO 10993-10 Certification - Biological Evaluation of Medical Devices, Part 10: Tests for Irritation & Skin Sensitization. Rev. 2024-09

ErgoPro Tools

- Handle designs matched to pliers functionality
- Cushioned grips for working comfort
- Guaranteed for life

ECONOPRO PLIERS

The economical alternative with Hilco-Sadler quality.

- Lab use quality
- Stainless steel, box joint construction
- Cushioned grip, single leaf spring models

Single leaf spring models

Stainless steel box joint construction.

Cushioned grip

Long Snipe Nose Pliers

Part # 1301580 | ErgoProfile

Part # 1004171 | ErgoPro

Part # 1061239 | EconoPro

- Adjusts pad arms and is suitable for thin stainless steel and titanium eyewear

Small Chain Nose Pliers

Part # 1301581 | ErgoProfile

Part # 1004167 | ErgoPro

Part # 1061482 | EconoPro

- Commonly used for pad arm, eyewire, and endpiece adjustments

Pad Arm Adjusting Pliers

Part # 1301587 | ErgoProfile

Part # 1004172 | ErgoPro

Part # 1061243 | EconoPro

- Suitable for screw-on, push-on, and clip-on type nose pad assembly adjustments

Wide Jaw Angling Pliers

Part # 1301588 | ErgoProfile

Part # 1004164 | ErgoPro

Part # 1061256 | EconoPro

- Capable of pantoscopic angle adjustments and heavy bridge/endpiece corrections

Double Nylon Pliers

Part # 1301589 | ErgoProfile

Part # 1004174 | ErgoPro

Part # 1061233 | EconoPro

- Multipurpose tool for delicate frame adjustments: bridge, endpiece, and temple

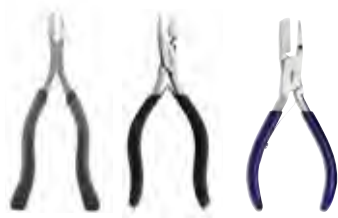

Flat Nylon/Round Metal Pliers

Part # 1301590 | ErgoProfile

Part # 1004168 | ErgoPro

Part # 1061237 | EconoPro

- Rounded shaping capabilities for eyewires, endpieces, and bridges

Nylon Gripping Pliers

Part # 1301591 | ErgoProfile

Part # 1004165 | ErgoPro

Part # 1061244 | EconoPro

- Commonly used for adjustments on endpieces, bridges, and brow bars

Rimless Compression Pliers

Part # 1307605 | ErgoProfile

Part # 1046778 | ErgoPro

Part # 1047103 | EconoPro

- Precise control for assembling compression mount frames

Eyewire Shaper Pliers

Part # 1307609 | ErgoProfile

Part # 1017263 | ErgoPro

Part # 1061235 | EconoPro

- Shaping of eyewires

Compression Sleeve Trimming Pliers

Part # 1307610 | ErgoProfile

Part # 1044318 | ErgoPro

Part # 1061231 | EconoPro

- Trims compression sleeves quickly and cleanly without the risk of damaged lenses

3-Piece Frame Adjusting Pliers

Part # 1307611 | ErgoProfile

Part # 1028725 | ErgoPro

- Provides greater stability for easier adjustment of drill mount frames. Helps prevent damage to expensive lenses

Side Cutter Pliers

Part # 1301592 | ErgoProfile

Part # 1004169 | ErgoPro

- Cuts titanium up to 1.4mm, stainless steel, and nickel materials

Lens Axis Aligning Pliers

Part # 1004166 | ErgoPro

Part # 1061238 | EconoPro

- Alignment of lens axis

Chappel Cutting Pliers

Part # 1004173 | ErgoPro

Part # 1004107 | EconoPro

- The preferred cutter for lens screw assemblies. Reduces risk of damaging lenses. Cuts titanium up to 1.4mm, stainless steel, and nickel materials

Inclination Pliers Conical

8 mm

Part # 1092191

- Length: 150mm, Jaw width: 8mm, Weight: approx. 140g
- Metal pin, conical
- Diameter: 6:1,5 mm
- Highly polished nickel-plated conical jaw and flat nylon jaw. High polished thorn

Double Nylon Pliers

8 mm

Part # 1080767

- Length: approx. 150mm, Plastic jaws: 8mm, Weight: approx. 140g
- Adapted plier jaws: 1081417
- With two plastic jaws

Flat Nose Pliers

5 mm

Part # 1092196

- Length: approx. 150mm, Width at tip: 5mm, Weight: approx. 140g
- Thin, flat jaws allow gripping of thin metal endpieces

Pro Side Cutting Pliers

Part # 1092200

- Length: approx. 140 mm, Weight: approx. 145 g
- With plastic hand protection, for steel screws up to 1.6 mm diameter

Flat Snipe Nose Plier - Extra Long

Part # 1202051

- Length: approx. 155mm, Weight: approx. 140g
- Extra thin and long version, flat mouth parts inside

3-Roller Bending Pliers

Part # 1080761

- Length: approx. 150 mm, Weight: approx. 140 g
- Used to adjust spectacles, bridges, temples and temple tips
- Suitable replacement plastic pliers jaws: 1081413

Flat Round Nose Plier

Part # 1201941

- Length: approx. 150mm, Weight: approx. 140g
- One jaw inside is flat, one jaw inside is round

Double Nylon Pliers

10 mm

Part # 1080766

- Length: approx. 150 mm, Plastic jaws: 10 mm, Weight: approx. 140g
- Adapted pliers jaws: 1081418
- With plastic jaws, jaw mouth remains in parallel position up to approx. 3 mm.

6-Place Pro Screwdriver Sets

Part # 1079517 | Stationary Stand

Part # 1079518 | Rotating Stand

- Hilco Pro Professional Grade Screwdrivers Feature: smooth action top with blade size marking, sure grip handles, professional grade blades with laser etched blade size markings
- 4 Flat screwdrivers - 1.0, 1.4, 1.8, 2.3
2 Phillips screwdrivers - 1.5, 2.0
- Labeled, stationary or rotating screwdriver stand

Pick-Up Screwdrivers

Sold Individually

Part # 1302058 | Flat 1.2mm - Blue

Part # 1302059 | Flat 1.6mm - Green

Part # 1302060 | Phillips 2.0mm - Black

Part # 1302061 | Flat 2.0mm - Brown

Part # 1302391 | Empty 4-Place Pickup Screwdrivers Rack

- Picks up, holds, and inserts screws and pins in a single screwdriver.
- Color-coded caps for easy tool identification.

Torx Screwdriver Kit

Part # 1083570

- 4 Torx Screwdrivers in storage box
- Includes Torx sizes 3, 4, 5, and 6
- Screwdriver tops & blades are marked with blade size for EZ ID
- Sure Grip handles for smooth action & precise control

Precision 9-Piece Screwdriver/Wrench Kit

Part # 1051907

- An organised "all in one" screwdriver and wrench solution. Compact 7.62cm diameter footprint with ball bearing rotating base!
- Markings on handles and base for easy identification
- Ball bearing rotating base

Colour Coded Screwdriver Set

Stand Sold Separately

Part # 1301424 | Colour Coded Screwdriver Set of 4

Part # 1302392 | Empty 4-Place Screwdrivers Rack

- It is now quicker and easier to find the right blade size you want
- Set includes 4 colour coded double-ended screwdrivers
- Colour-coded caps for easy tool identification

Colour Coded Wrench Set w/ Wooden Stand

Part # 1303222

- Quickly locate the right wrench with our colour-coded system, neatly presented on a stylish wooden stand.
- Includes 5 Wrench Sizes

4-in-1 Deluxe Screwdriver

Part # 1302915

- Simplify your work with our multi-blade screwdriver, featuring a high-grade aluminum alloy handle and an assortment of retractable blades.
- Quickly switch between different blades with a light push!
- This innovative design provides four blades in one compact tool, making it the ultimate solution for quick and efficient adjustments.
- A simple click action that engages the desired blade with ease

Screw Extractor Complete Kit

Part # 1004238

- The Hilco Screw Extractor tools feature a choice of three interchangeable blades. Tiny, strong teeth grip the damaged screw allowing you to back it out. The handle features a swivelling ergonomic palm handle with "no-roll" design and a knurled shafted for no-slip grip
- Kit includes: "No-roll" Screw Extractor tool handle, 3 double-ended Screw Extractor blades (1.1mm, 1.5mm, 2.0mm)
- Size: 12cm

Phillips-Head Screwdriver

Part # 1004215

- 2 sizes of phillips-head blades .062" and .080" (1.6mm and 2.0mm) on this removable, double-ended screwdriver. "No Roll" handle

Brass Bench Screwdriver

Part # 1301379

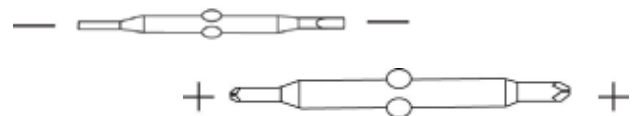

- Includes 3 blades: 1 blade installed in tip and 2 blades stored in brass shaft
- Includes double flat blade .062/.087" (1.6/2.2mm), mini flat .040/.040" (1.0/1.0mm), and phillips .062/.080" (1.6/2.0mm).
- "No-Roll" handle
- Uses standard optical blades

Standard Screwdriver

Part # 1004206

- 2 sizes of blades, .062" and .072" (1.6mm and 1.8mm), on this removable, double-ended screwdriver "No-Roll" handle

Replacement Blades

it works!

Hilco Spring Hinge Tool Kit

Part # 1081222 | Hilco Spring Hinge Tool Kit

- Hilco's Spring Hinge Tool Kit makes it easier than ever to replace the original screw
- Includes: 1 Spring Hinge Lever, 1 Hinge Locking Clamp, 1 Locking Tweezers, 3 Pins, Convenient Storage Case

Fast Find™ Screw & Hole Gauge Set

Part # 1004344

- Measure frame hardware when screws have been lost
- Gives diameter and length measurements
- Can measure individual screws to determine exact size

Magnetic Tool Bar Holder

Part # 1004331 | Hilco - 33cm

Part # 1004332 | Hilco - 60.96cm

Part # 1211520 | B&S - 51.5cm

- Powerful wall-mounted magnetic bars keep your work bench clear
- Hold Pliers, Screwdrivers, Calipers, and more

Hilco Rx File Set

Part # 1301510 | MORE OPTIONS AVAILABLE

- 6 high quality files
- Files available individually

Hilco Handheld Clavulus - Screw Extractor

Part # 1301428

- The tool eliminates the need for drilling, as broken screws are extracted with controlled pressure
- The jaw design is optimized to fit into the tight areas, accommodating smaller frame styles
- The system comes with two extra bushings and one extra wrench

"Push-On" Nose Pad Removal Tweezers

Part # 1079523

- Pushes out "Push-On" style nose pads easily - without affecting pad arm adjustment

Compression Sleeve Removal Tweezers

Part # 1079524

- Helps remove rimless frame hardware and cut compression sleeves from edged lenses
- Fits 1.4mm and 1.8mm mounts

Nose Pad Removing Pliers

Part # 1201888

- To remove click-on pads

Optical Tweezer

Part # 1004259

- Grooved to hold any optical screw firmly for insertion
- Made of acid resistant Stainless Steel
- Comes with plastic storage case. Size: 11cm L

Nose Pad Popper

Part # 1004432

- Notched to slide between pad and pad arm to pop pad off
- Illustrated instructions included

Self Closing Tweezers

Part # 1004265

- Springs closed rather than open
- Both vertical & horizontal notches
- Size: 15.8cm

Henry Lens Protector

Part # 1092360 | 2 pieces

- Helps protect against scratched lenses while: Mounting nose pads, Assembling/disassembling 3-piece rimless frames and General repairs or adjustments
- Made of silicone

Deluxe Pin Vise

Part # 1202550 | 1.1 mm

- Drill diameter: 1,0 mm, Shaft size: 2,34 mm, Speed rpm: 10.000 - 15.000
- Right hand cut, especially suitable for drilling out steel screws from hinges. The pressure should be low.

Tool Holder

Part # 1202592

- Clamping: 1,5 - 2,0 mm
- Length: 90 mm, Weight: 10 g
- With plastic handle and knob, especially for screw tabs

B&S Spiral Drills, HSS Specials

Part # 1202561 | 1.2 mm

Part # 1202563 | 1.4 mm

Part # 1202564 | 1.5 mm

- Drill diameter: 0,5 mm, Shaft size: 2,34 mm, Speed rpm: 1.400-10.000
- For drilling out steel screws and titanium, especially designed for hard materials, high durability, also suitable for polycarbonate and precious metals.

B&S Spiral Drill, HSS

Part # 1202525 | 1.5 mm MORE OPTIONS AVAILABLE

- Drill diameter: 1,5 mm, Shaft size: 1,5 mm, Speed rpm: 500-3.000
- Material: HS-Steel, chrome polished
- With cylinder shaft, right hand cut, to be used for: plastic, precious metals.

Screw Taps

1 pack: 3 pcs.

Part # 1202435 | 1.2 mm

Part # 1202436 | 1.3 mm

Part # 1202437 | 1.4 mm

Part # 1202439 | 1.6 mm

- Thread size: M 1,60 mm, Thread pitch: 0,350 mm, Shaft size: 1,95 mm
- With 3 milled grooves, grinded and hardened, high quality version

REPAIR PARTS

Smart System Pro

5 Drawers

Part # 1004061 | MORE OPTIONS AVAILABLE

- Complete eyewear parts solution
- Compact
- Well organized
- Easy part location

Logic® Quick-Fix Pro

Part # 1072995

- Organizes our most innovative repair parts and screwdriver kit in a small attractive display
- Everything you need for simple repairs is at your fingertips, saving you countless trips to the backroom

Deluxe Logic® Kit

Part # 1097148

- Dual nose pads fit both screw-on and push-on assemblies
- One length, each Logic screw replaces 7
- Proprietary Tight Bond® coating for a repair screw that will never back out
- Reduces inventory up to 80%

Thread-Seeker XLT Kit

Part # 1095913

- 7-place kit contains 25 screws each of the 7 most popular Thread-Seeker XLT screws in silver
- 175 total screws in convenient storage wheel, with EZ ID part reorder information
- Extra long, tapered design makes screw replacement a snap

Screw Tap Assortment

10 Pieces

Part # 1202444

- In plastic box, 1x screw tap holder
- Screw taps in sizes M0,8, M1,00, M1,20, M1,30 and M1,40mm
- 3 of each size

Eyeglass Parts Kit

Part # 1307723

- Our compact and economical kit provides the most common sizes of repair screws, nose pads, and temple tips, making it easy to handle any adjustments efficiently
- Kit includes: nose-pads (assorted sizes and materials), assorted screws, assorted temple tips, and assorted strap bridges.

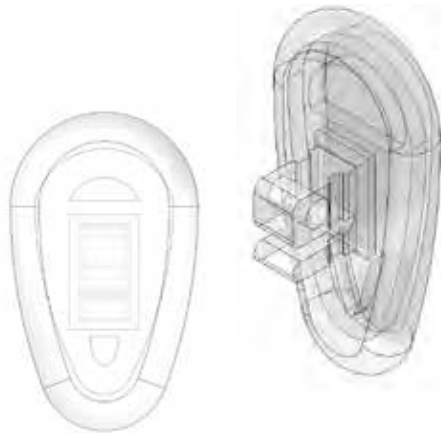

Logic®

Smart, Universal Nose Pads

- Patented dual purpose design fits screw-on AND push-on
- Logic symmetrical shape
- Premium no-slip silicone

Part # 1082105 | Black Tray

Part # 1097515 | Black & White Tray

- Wooden tray great for showcasing a variety of products in an attractive and professional manner. Perfect for displaying frames to patients. Rich black or white velvet
- Display area: 16mm x 222mm x 159mm. Total tray size: 25mm x 248mm x 190mm

ErgoProfile Bench Block

Part # 1306992

- Ultimate Protection: Rubber padding prevents scratches and damage
- Stable & Secure: Firmly mounts on your bench for steady adjustments
- Precision Built-In: Integrated ruler for accurate measurements

Solves-It for Poly

Part # 1040899 | Pen

Part # 1019723 | 32 oz.

- Specially formulated for use with Polycarbonate lenses
- This environmentally safe, non-toxic, non-flammable solvent is the optimal solution to using potentially dangerous, flammable chemicals like acetone or alcohol.
- Removes: Oils, Grease, Glue, Inks, Paints, Progressive lens marks

Solves-All

Part # 1079676 | Pen

Part # 1079679 | 32 oz.

- Removes ink, grease, and oils faster and safer than acetone
- Acetone free - Safe on all Lens materials
- Fast drying - No oily residue
- Environmentally safe - readily biodegradable

Self-Stick Lens Interliner

Part # 1005084 | 16.5m L x 1.5mm W

- Easy to use self-adhering Interliner. Protects delicate lens edges in metal eye-wires. Also good for multiple layer use.

Liquid Screw Lock

Part # 1004745 | Screw Lock, 1 ml

Part # 1004745 | Loctite 243, 10 ml

- This thread sealant gives just enough extra strength to resist vibrations that cause screw loosening; Cures fast; Instructions included.
- Caution: As with any screw lock products, avoid contact with polycarbonate lenses

Acetate Lens Interliner

Part # 1005080 | 150' - 12 spools

Part # 1005081 | 150' - 1 spool

Part # 1005082 | 100' - 12 spools

Part # 1005083 | 100' - 1 spool

- Time & cost efficient: Saves time during lens fitting, reducing adjustments and remakes.
- Seamless aesthetics: Minimizes visible gaps, creating a polished and professional look.

B&S Lens Marking Pens

Part # 1203046 | Black, fine, 4pc

Part # 1203047 | Red, fine, 4pc

- Especially for optical lenses with clean effect coating
- No repelling on water repellent surfaces
- Remove colour with spirit alcohol

B&S Universal Pens

Part # 1203040 | Black, fine, 4pc

Part # 1203041 | Red, fine, 4pc

- Waterproof for permanent marking
- With Dry Safe Function - pen can stay open for many hours without running dry
- In patent-registered box
- Made in Germany

Lens Marking Pen Edding

2 Pieces

Part # 1203039

- Stroke width: 0.8 mm
- Tip: round tip
- Colour: White
- Especially for lenses with clean effect coatings
- Light, water and abrasion resistant ink
- Dries quickly and can be removed with spirit alcohol

China Markers

Set of 12

Part # 1005092 | Red

Part # 1005094 | Black

Lens Marking Pens

Part # 1013567 | Black

Part # 1013568 | Red

- Lens marking pens that work on new oleophobic AR lens coatings such as Crizal, Sola's Teflon EasyCare, and Zeiss Caret Advantage.
- Convenient fine point marker. Perfect for AR coatings. Won't smudge. Waterproof.

Prescription Aligner

Part # 1300392 | 1 mm

Part # 1062497 | 2 mm

- This bench top gauge indicates lens axis alignment accuracy after lenses are mounted.
- Accurately measures axis
- Measures optical centers & DBL
- Great for seg height accuracy

Seg-Hi Measuring Gauge

Part # 1004339 | 6/Bag

Part # 1004340 | 2 pieces

- Accurately measures seg-height
- Measures centers for high minus or plus
- Marked in millimeters

B&S Magnetic Table Pad

Part # 1097625 | 41.5cm x 29cm

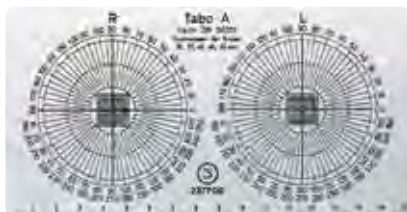

- Magnetic work surface for repairing frames
- PD measurement scale
- Frame wrap
- Pantoscopic angle scale
- Lens measurement scale

Lens Clock

Part # 1004354

- Provides accurate readings
- Includes protective cap and storage case
- Easy to read quarter diopter scale

Axis Layout

Part # 1202860 | 175 x 90 x 1 mm

- According to DIN 58201, back with formula collection for prismatic effect of de-centred lenses
- Made of aluminium, etched scale
- Marked in millimetres

Distometer

Part # 1077802

- Designed to measure the distance between the cornea and trial or spectacle lens.

Digital Caliper

Part # 1202798

- Measuring range: 150mm, Beak depth: 40mm
- Electronic display of the measured value in "mm" or "inch"
- Measurement display: 0.01mm = 0.004 inch
- Battery: button cell 1.5V, weight 315g

Caliper - Lens Thickness

Part # 1004341

- Precise measuring of the thickness of lenses up to 19mm at maximum depth of 3.8mm
- Calibrated in .20mm increments
- Stainless steel with brass index plate

Lens Marking Ink

Part # 1004978 | Red, 4 oz

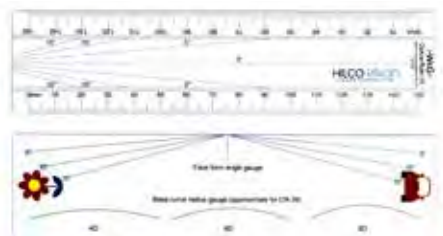

- Quickly thinned or removed with water
- Does not cake, remains moist on pad
- No solvents required

Multi-Use Transparent PD Ruler

Part # 1079521 | Bag of 6

- Measuring range 0-160 mm
- With holes to identify screw thread diameter
- Transparent polycarbonate

W&G PD Ruler

Part # 1068622

- 150mm ruler length, fixator icons, improved design, angle gauge, base curve, radius gauge, PD, Ruler, W&G

Rite Rule® Ruler

Part # 1004359 | 12 pieces

Part # 1004361 | Each

- Scales in millimeters on top, bottom, front, back
- Ready to use no matter how you pick it up Size: 6 1/2" L

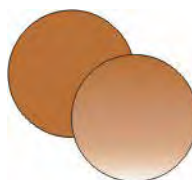

Double Post Mounting Sleeves

100 Pieces

- Part # 1027918 | 1.4mm, hard
- Part # 1054706 | 1.4mm, med
- Part # 1053766 | 1.5mm, hard
- Part # 1066438 | 1.7mm, hard
- Part # 1072539 | 1.8mm, med
- Part # 1072652 | 2.0mm, hard

- Quickly and easily remove old or damaged mounting sleeves
- A simple way to "tighten" frames and provide a new feel
- Compatible with most frame styles that require mounting sleeves

MACHINES

Our machines were built with high quality and precision, certified to meet the highest safety standards for optimum results and peace of mind. Trusted by customers for their consistent performance, our machines deliver reliable excellence.

TempMaster™ Deluxe Frame Warmer

Part # 1068627

- Specifically designed for plastic frame glazing and adjustments, delivering optimal performance and precision.
- 2 heat and 1 separate cooling settings
- Multiple fan speeds for precision heat control on delicate frames
- Also available: TempMaster Heat Concentrator to focus the hot air to a specific part of a frame (sold separately)

TempMaster™ Jet+ Frame Warmer

Black

Part # 1095721 | MORE OPTIONS AVAILABLE

- High quality aluminum body that does not get hot due to internal air flow pattern
- Vertical orientation saves bench space and allows easy access for adjustments
- Light, quiet, and efficient
- Included Heat Concentrator allows spot-heating of specific frame areas, especially bridges & temples
- Electronic heating regulation
- Cold air option

Glass Bead Frame Warmer (Salt Pan)

Part # 1063456 | Machine only

Part # 1004619 | Glass Beads, Regular

Part # 1004620 | Glass Beads, Large

- Adjustable temperature control, Maximum temperature 350°F
- Injection moulded housing for a smaller footprint on your counter
- Recessed pan is sealed in place so beads or salt will not spill
- Long life

Hilco® Pupilometer HX-400

Part # 1083882

- Mechanical operation allows quick, accurate readings via continuous direct measurement. Binocular & monocular readings with variable distance and automatic shut off.
- Self-calibration function
- Liquid crystal display
- Adjustable LED fixation light
- Right or Left eye occlusion

Hilco® Pro Lensometer

Part # 1083929

- Classic manual lensometer with internal reading design
- Green LED light source with large visual field
- Can be installed with Prism compensator
- Ergonomic design optimized operational feel

Hilco® Progressive Lens Identifier

Part # 1068616

- Verify progressive lens engraving marks
- Quickly & effectively identifies manufacturer model, material, and reference points
- Eliminate the possibility of errors in fitting progressive lenses
- Provides a clear view of etchings

Ultrasonic Cleaner for End Consumer

Part # 1203797 | 0.6 l

- Detachable tank to make changing water easy
- Plastic housing with stainless steel basin with timer to stop automatically after pre-set time
- With basket and watch holder, batteries included

Value Line Ultrasonic Cleaner

Part # 1068620

- Fast, effective cleaning - perfect for a single frame or sunglasses.
- Small, compact footprint
- 22 oz. (600ml) stainless steel tank
- Plastic basket liner, solid state circuitry, 3 minute shut off cycle, ETL listed

Hilco® Ultrasonic Cleaner

Part # 1068621

- Control panel with capacitive sensing technology
- Cooling fan to improve heat dissipation
- Housing has a 4mm thick wall for better impact and water-proof performance
- Digital timer range from 90-480

Ultrasonic Cleaning Solution

Part # 1004636 | 32 oz.

- This 32 oz. (.95L) bottle of concentrate makes 32 gallons (121L) of cleaning solution.
- Biodegradable and phosphorus free
- Environmentally friendly and safe for all cleaning needs
- Non-acidic, non-corrosive
- Instructions included

B&S Hand Edger V-bevel

Part # 1083790

- Rough and fine surfaces with V-bevel
- Rough surface only conditionally suitable for silicate
- Compact and robust plastic housing
- Switch to change the direction of rotation
- 35 mm width diamond wheel with V-bevel
- Speed: 2,000 rpm
- Measurement of diamond wheel: 100mm, with 35 mm
- Thickness of graining layer: 2 mm
- Power: 150 W, Power usage per 10 min: 0.0249 kWh
- Voltage: 220-240 V, Size: 225 x 275 x 360 mm, Weight 7,5 kg

Fotochromic Demonstration Unit

Part # 1308253

- To demonstrate photochromatic lenses to customer
- Testing Area for UV filter, Test for Blue-light
- Fit for polymerizing UV glue
- Soft and white work area designed to help opticians handling and checking lenses
- Option of automatic switch off after 10 seconds
- UV-Range: 395 nm – 405 nm
- Power: 6 W, Power usage per 10 min: 0.001 kWh, Voltage: 12 V
- Size: (w x d x h): 240 x 95 x 180 mm, Weight: 1.3 kg

Photochromic Demonstrator

Part # 1060611

- The economical and convenient way to demonstrate the properties of photochromic lenses.
- Activates Transitions lenses in seconds!
- Features eight bulbs replicating UV light
- Convenient belt loop storage case
- Requires 3 AAA batteries (sold separately)

Hot Fingers II™

Part # 1004648

- Repair or replace embedded hinges with this controlled-heat tool with spring action tongs. The heat produced by this tool quickly softens the frame so hidden hinges can be removed and replaced. A new tip incorporates the Hilco Bridge Repair Tool for temporary repairs to broken plastic bridges.
- Foot pedal heat control allows for hands-free operation
- UNIT 110V - TRANSFORMER REQUIRED TO USE IN AUST/NZ. HILCO VISION DOES NOT PROVIDE
